

Summer Vacation

In summer, the weather is sunny and hot. School is over. Many people like to go to the beach on vacation. The days are longer and the nights are shorter. That's what I love the most about summer. I am on vacation in Hawaii, with my parents and my sister. We're staying at a beautiful hotel on the beach. There is a big swimming pool at the hotel. I love spending time at the beach with my family. My sister and I usually build sandcastles. Our parents love to sunbathe on the sun loungers. Some people enjoy lying in a hammock, hanging between the palm trees. We enjoy playing volleyball on the beach. It's so much fun! When the sun is too hot, we sit under the beach umbrella, and have an ice cream, or cold juice. We always take our cool box with us, to keep our food and drinks cool. We also like to eat watermelon on the beach.Look! There are so many sea shells on the shore! Let's gather them! Let's jump over the waves. Floating on our inflatable mattress is so relaxing. When there are big waves on the sea, you can go surfing. I am crazy about swimming and diving. Underwater life is beautiful and magical. We have to wear goggles underwater to protect our eyes. I am having such a great time in the summer camp. We are having so many wonderful adventures.
