5. Read the instructions and write true (T) or false (F).

What to do to prepare for an earthquake?

Before the earthquake	During the earthquake	After the earthquake
Collect emergency supplies: A battery-operated radio Flashlight A fire extinguisher Bottled water Canned food Can opener, knives Blankets, heavy clothing A first aid kit Money in cash *Learn emergency procedures* Select an out-of-town relative or friend to be your contact person.	Find a safe place. If you are indoors, take as few steps as possible. If you are outdoors, get into an open area. If you are driving, pull over, and stay inside your car.	Check yourself for injuries, then check others. Check for water leaks and electrical systems damage. Turn on your battery powered radio. Check your house for structural damage.
