

Kids and their favourite TV programmes

My sister Sandy likes love films. She always watches them. Her favourite film is "Pretty Woman". I never watch love films. I think they are very boring.

I like detective films best. They are exciting because there's a lot of action. I never watch TV in the morning.

Mum likes music programmes. The pop group she likes best is the Jonas Brothers. I like them too. I sometimes watch "Hits of the Week" with her.

My brother Tommy only watches the news. He says it's very interesting. He doesn't like the other programmes.

My second brother, Ken, loves westerns. He thinks Native Americans, cowboys and horses are wonderful.
