ACTIVIDAD #13

Tipo de actividad: Categorization

Categorization Activity: Classify the following concepts into appropriate categories based on the information provided in the text.

Categories:

1. Blockchain Types
2. Blockchain Security Measures
3. Blockchain Security Threats
4. Blockchain Security Best Practices
5. Blockchain Security Tools

Concepts:

- 51% Attack
- Private Blockchain
- Two-Factor Authentication (2FA)
- TestRPC
- Phishing
- Consortium Blockchain
- Secure Socket Layer (SSL)
- Key Management
- Smart Contract Auditing
- Ganache
