

# 4

# The Earth

## > 4.1 Planet Earth

### Focus

1 What does Earth look like from space?

Tick (✓) the sentences that say what an astronaut can see from space.

The Earth is like a ball.

☐

There are clouds on Earth.

☐

There is land on Earth.

☐

There are rivers on Earth.

☐

There are seas on Earth.

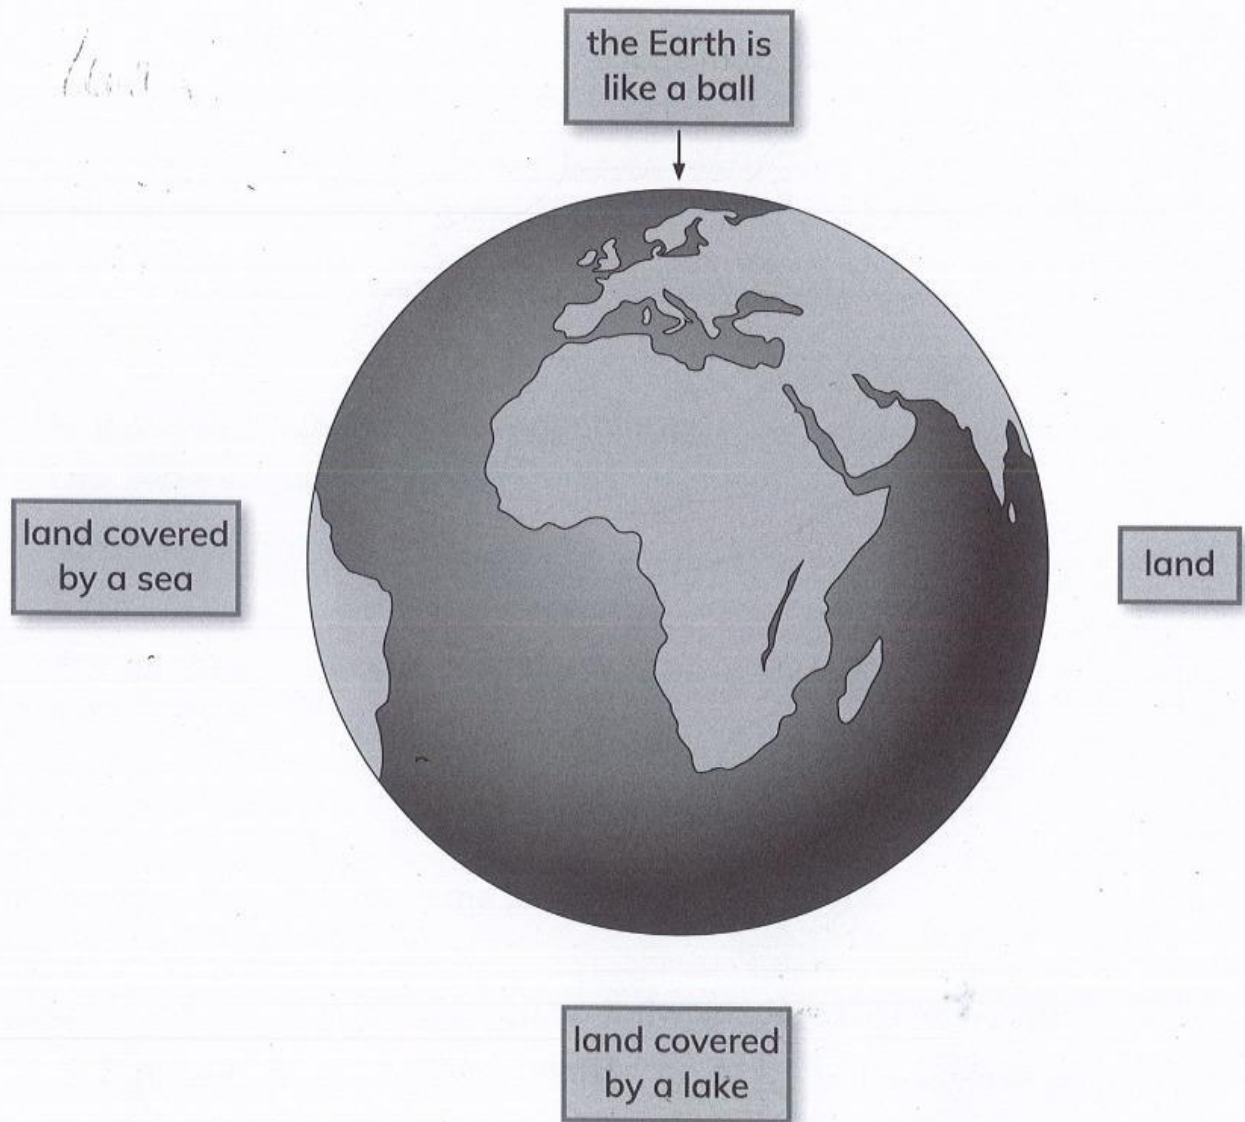

☐

There are lakes on Earth.

☐

## Practice

2 Draw a line from the labels to the right place on the Earth.

**Challenge**

3 Earth is the only planet with life on it.

Write answers to complete the sentences.

Use these words:

living things

ball

water

land

planet
