Read the following passage and answer all the questions.

Jesse Martin

In 1999, Jesse Martin became the youngest person to sail around the world non-stop without any assistance. He was just 17 when he started the 11-month journey. On 7th December 1998, he set sail from Melbourne, Australia on his world-record trip on *Lionheart*. He was 18 years old when he finished. Jesse survived several storms and once his boat, *Lionheart*, was knocked over in the waves. On one occasion, a whale crashed into the boat. On another, his boat was nearly hit by a huge oil tanker. Luckily, the ship missed *Lionheart* by a few metres.

Jesse discovered sailing at the age of 12, when his uncle gave him lessons on his boat, *Empress*. Jesse then sailed with his younger brother and father from Australia to New Zealand. They loved it. Jesse began to dream about sailing around the world and joined a crew to sail from Tahiti to South America. These experiences kept his dream alive.

After his return, Jesse stayed on dry land long enough to write a book about his voyage. This journey was later made into a film. He then decided, with his brother and some friends, to sail around the world again, this time on a boat called *Kijana*. They planned to spend three years away, but Jesse had a bad argument with his brother. After 10 months, they decided to come home.

Today, Jesse leads sailing expeditions on board the *Ineka* around Asia and makes documentary films. In the future, he plans to fly to Canada and walk from the east coast to the west coast of the country - a distance of about 4,800 kms.

For questions 1-3, please answer in complete sentences. (2 marks each)

1. How long did it take Jesse to sail around the world on *Lionheart*?

2. Why did the voyage on *Kijana* finish after 10 months?

3. What does Jesse do now?

For questions 4-8, tick (✓) the box. (1 mark each)

4. Jesse's journey on *Lionheart* started from Melbourne.

   True ☐ False ☐

5. A film was made about the voyage on *Kijana*.

   True ☐ False ☐

6. During the journey, *Lionheart* was hit by

   A a whale.
   B lightning.
