### I. Read the text. Choose the correct answer that matches the questions.

Tennis is a fun and exciting sport that requires skill, strategy, and athleticism. It can be played as singles or doubles, and there are tournaments held all over the world. But is tennis for everyone?

Mairellis thinks so! She loves the back-and-forth rallies and the feeling of hitting a perfect shot. She enjoys the challenge of the game and the mental focus it requires. However, her friend Claudia isn't a fan. She prefers the teamwork and fast pace of volleyball. Yohan, another friend, is all about basketball, while Heidi enjoys both volleyball and soccer. Raul is the quiet one of the group, preferring the strategic thinking of chess.
