IV. Read the following passage and decide whether the statements are True (T) or False (F).

Two great campsites to try this summer

High Wood

There are lots of activities you can do at High Wood campsite, from fishing to cycling, and they'll lend you any of the equipment you need. It's not as large as some campsites, but it's clean and modern. It has a fantastic pool with a roof window which can open and close. There's also a special area where you can watch films or dance under the stars to local bands. For food shopping, the campsite has a shop for you to buy.

Black Lake

The wonderful thing about Black Lake campsite is waking up in the morning and seeing the beautiful mountains all around you. You don't have to bring your own tent – there are some already there you can pay to use. There's lots to do – you can swim in the lake or walk in the forest. And don't forget to bring your mountain bike with you! If you want to cook for yourself, the shop in the next village has a good variety of food.

Statements	True / False
1. High Wood is a clean and modern campsite.	
2. There is a shop to buy food at the High Wood campsite.	
3. Black Lake campsite has great beach views.	
4. You can use tents at the Black Lake campsite for free.	

Robots have played an important role in space exploration due to the dangerous nature of the work. Before robots are sent to space, animals like monkeys or dogs were often sent to help humans conduct experiments to explore the conditions on other planets. Since the robotic technology has flourished in recent decades, robots have been sent to the space instead to carry out those experiments and do other tasks. So far our knowledge about conditions on other planets such as Mars or Venus mostly comes from experiments performed by robots. The more the technology develops, the faster robots can reach those planets and the more information they can send back to the Earth.

Statements	True / False
5. Because space exploration is dangerous, robots are often used to replace humans.	
6. Animals were sent to the space to help robots do their tasks.	
7. Robots' tasks in space include creating the living conditions on other planets.	
8. Most of the information about conditions on other planets is sent by robots.	

Dear Kate,

I'm so glad you are coming to Vietnam next week. When you're here, you should go to Ha Long Bay, one of the seven natural wonders in the world. Ha Long Bay is located in Quang Binh province in the North of Vietnam. It is nearly 200km from Hanoi. So it takes you about 4 hours by car. You can also travel there in a coach or even in a helicopter on Saturday. Ha Long Bay has many beautiful caves and islands. You should take a boat trip to enjoy the view there. Remember to bring your camera so you can take pictures. You can also do some exciting activities there like swimming, sailing, and windsurfing. One more thing, you shouldn't miss the seafood there because they are so fresh and delicious.

See you soon

Long,

Statements	True/False
9. Kate is coming to Viet Nam next week.	
10. There are lots of beautiful canyons and islands in Ha Long Bay.	
11. Ha Long Bay is situated in Quang Binh province in the South of Vietnam.	
12. It's impossible for you to miss the seafood when coming to Ha Long Bay.	

V. Read the following passage and fill in each blank with a suitable word from the box. (1.5 pts)

but	gravity	spaceship	bags	strong	spacesuits	so	weak
-----	---------	-----------	------	--------	------------	----	------
