

Part I. Match using the number of each part.

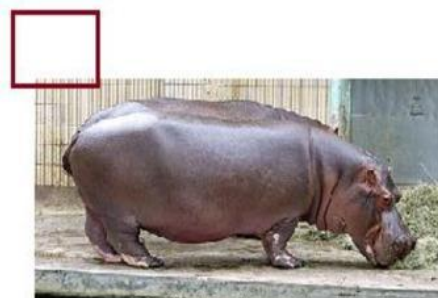

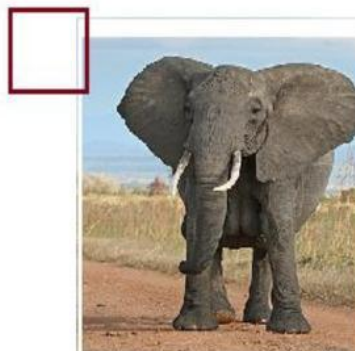

BODY PARTS		
☐ 	☐ 	
☐ 	☐ 	
☐ 	☐ 	
☐ 	☐ 	
☐ 	☐ 	
☐ 	☐ 	
☐ 		

1. claws
2. fangs
3. trunk
4. wings
5. fur
6. scales
7. beak
8. feathers
9. tail
10. whiskers
11. legs
12. nose
13. mane

Part II. Read the text and do as required.

This wild animal lives in Africa and Asia, usually by the water. It is very big. It is grey. It has four legs, two big ears, a big head and a short tail. It has a long trunk and 2 tusks. It doesn't have hair and it doesn't have scales either, but it has thick skin. It eats grass, water plants and fruits. Young ones can swim.

What's the animal?

Mark the places where the animal lives.

Part III. Choose the correct answers.

1. Do elephants eat insects?

2. Does an elephant have tusks?

3. What color is the elephant?

4. Does an elephant have scales?

5. Does it have a long tail?

6. Does and elephant have big ears?

Part IV Unscramble the sentences.

1. Elephants / a long trunk / have

2. have / An elephant / doesn't / a mane

3. have / Does / an elephant / hair / ?
