Fire at the hospital

by Rebecca Stevens

Tuesday, 12th October

There was a fire at 8:00 today in Andrews Hospital. The fire started in the kitchen.

(1) Nurses said, 'We (2) _____ looking after a patient in a room near the kitchen. We noticed a strange smell and realised that something (3) _____ burning!' They immediately called the (4) _____ and they arrived in five minutes. 'I (5) _____ talking on the phone with a friend who works at the hospital when he told me that there was a fire! I (6) _____ working that day, but I still had to go and help. So, I put on my uniform and left,' said Mr Collins, an off-duty firefighter. It all ended well and nobody was hurt, thanks to our emergency services!
