Ex 8: Choose the best answer.

LEICESTER SQUARE, LONDON

Leicester Square is the cinema center of London. The Odeon, a famous cinema, is on the east side of the Square. It can hold 1,683 people. The Empire, on the north side of the Square, is also a big cinema with 1,330 seats. Prince Charles sells tickets much cheaper than other cinemas. This cinema often shows films a few weeks later than other cinemas. If you want to save some money, this is the place for you. Leicester Square is also the place where people wait (often out in the cold) with the hope to see film stars like Tom Cruise, Julia Roberts or Brad Pitt. They might step out of their limousines to attend the first night of their new movie. Watch out for the screaming fans!

Ex 9: Choose the best answer.

In the future, we will live in amazing new houses. Our houses will use the sun or the wind to make electricity. We won't use cookers, dishwashers or washing machines because robots will help us. We will have robots to cook our dinner and wash our clothes. We will have robots to look after our children. We won't use computers. We will have special remote control units. We can surf the internet, send and receive emails and order food from the markets without getting out of bed.

We won't have TVs or CD players because we will have watches that play music, take pictures and tell the time. Our cars won't use gas. They will use energy from air, water and plants. In the future the air won't be polluted. Our world will be a great place to live in.
