

1 Listen and fill the gaps:

- Joel: My name's Joel. One of the biggest problems will be But we can make things better. Erm ... people will a lot more. And take trains and things like that. So I feel positive about the future.
- Katie: I'm Katie. I think we'll see robots in schools, in hospitals, in factories, even in shops. Robots will work as shop assistants! I think that it will be great. So people will have a lot more free time.
- Charlie: My name's Charlie. Erm ... I think things will get very scary. Definitely. There won't be enough and countries will fight to get it. And there won't be enough People will fight for food. Things will get very bad.
- Matilda: I'm Matilda. I'm really worried about the future. I think air pollution will get a lot worse. We won't be able to outside. People will live in their homes and they'll have machines to purify the And there will be a lot more cars on the roads.
- Rosie: Hi, my name's Rosie. People watch too much TV at the moment. And in the future, people will use computers too much. They won't get exercise. They'll be really lazy and they won't be fit at all. Yeah ... people will be really
- Elliott: Hi there. My name's Elliott. I think is very important. And I think kids will definitely go to better schools ... and erm, they'll learn more quickly too. Computers will really help them. So I'm about life in 30 years' time. It will be better than now.

2 Who is saying this?

Write J (Joel), K (Katie), C (Charlie), M (Matilda), R (Rosie), or E (Elliott).

There won't be enough water and countries will fight to get it. ☐

People will be really unhealthy. ☐

Robots will work as shop assistants. ☐

Kids will definitely go to better schools. ☐
