Instructions: Read the next text and complete the activities.

EMILE

"I live in a quiet area in Paris. I like living there because it's very friendly and there are several stores and cafés. The only problem is that it's a little boring sometimes because there aren't any clubs. There's a good stadium, though. I often go to sports events."

MELISSA

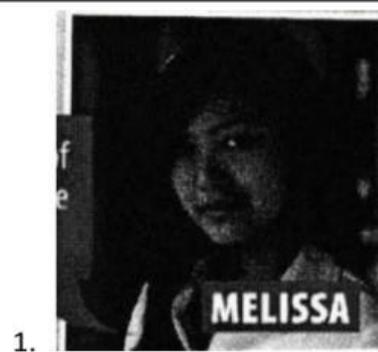

"I live in Singapore, in a very busy neighborhood. I don't like it because it's noisy and there's a lot of traffic. There's a shopping mall near my house, and I go there a lot. There are also museums and a movie theater in the area, but I don't have time to go to them. There's a good food festival in April, though."

CARLOS

"I live in a nice neighborhood in the city of Montevideo, Uruguay. The neighborhood is pretty small, and a lot of our neighbors are my friends. There aren't many big shopping malls near here, but there are some nice small stores. There's also an art gallery, a movie theater, and a gym. Oh, and there are a lot of great restaurants! I think it's a fantastic place to live."
