

Education

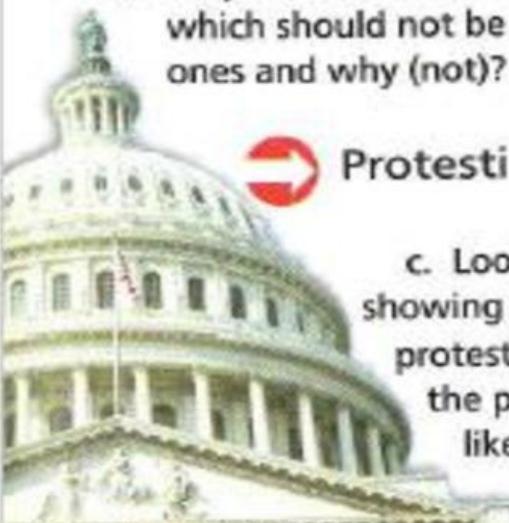

Student A

3 a. Look at the two pictures showing different ways of learning. Compare and contrast them saying which way you think is more effective.

Student B

b. Do you think there are subjects which should not be taught at school? Which ones and why (not)?

Protesting

Student B

c. Look at the two pictures showing different ways of protesting. Compare and contrast the pictures saying which is likely to be heard and/or have some effect.
