## READING

- 1 Look at the headline on the poster. What do you think the advertisers want?

A People B Animals C Clothes D Equipment

# WANTED DEAD OR ALIVE

1 All your unwanted IT equipment, working or not.

2 Make money for your school and be more environmentally friendly too. Don't take your items to the rubbish dump. Bring them to Ryley High School.

3 Please drop the items in the corner of the car park next to the gym after 8am where people will be waiting to assist you. If you have lots of items or you don't have transport, email us and we will organize a collection from your home / business.

4 Recycling Warriors can help raise funds for your school. We process your unwanted items, work out the value of their component parts, and then send a cheque to your school. It's as easy as that! Just think, your school could get better sports equipment or a more modern whiteboard just from a pile of old electronic stuff.

5 We will be collecting from your school next week. Simply bring in all your items of unwanted IT on the date below.

January 21st

Suitable items include: computers (monitors, screens, keyboards, mice), hard disk drives, laptops, printers (including printing cartridge), flatscreen TVs, games consoles, power cables and plugs, batteries, photocopiers, fax machines, mobile phones plus anything IT related!

Recycling Warriors

- 2 Read the text and circle the correct sentence.
