

"When God Made You My Mother"

I bet you could've used a _____
Just a little time alone
But you let me be your _____ shadow
Following wherever you would go
Then I got a little older
And you gave me _____ to grow
I don't ever seem to tell you enough but
I _____ you to know

When _____ made you my mother
He knew who I'd need
When he picked you from the others
He could already _____
That you would be my hero
And everything I want to be
When God made you my _____
He was being good to me

I come to you with all my _____
And you never, ever judge
And when I'm falling in my weakness
You give me strength to _____ back up
No amount of miles could separate us
No place where I don't feel your _____
You say I'm the gift that heaven gave you
But I'm the _____ one

When God made you my mother
He knew who I'd need
When he picked you from the _____
He could already see
That you would be my hero
And everything I _____ to be
When God made you my mother
He was being _____ to me

If I'm ever a mother
I wanna be like _____
If he picks me from the others
I'm going to try to fill your _____
'Cause mama you're my hero
And _____ I want to be
When God made you my mother
He was being good to me
Yeah, he was being good to _____
