

**ENGLISH LANGUAGE - ACTIVITY 02 [3RD TRIMESTRE] - 7th GRADES**

Name:

Paralelo:

**1. Read and choose things you can do on a computer.**

 clean my room	 send e-mails	 listen to music	 bake a cake	 download music
 learn French	 make new friends	 eat a sandwich	 buy a present	 do homework

**2. Read the text and write the letters of the missing sentences.**

- ~~a. Computers give us instant access to information.~~
- b. Most of the objects around us have computers in them.
- c. Computers change the way humans live and interact.
- d. Computers connect people around the world.

**Computers are a constant part of our lives...**

- ☒ a You can use them to find maps of your city, check the weather in other countries, read the biographies of famous people, and look for information to do your homework.
- ☐ b You can speak or chat with friends in any country! Instead of letters, we send and receive e-mails and instant messages. We go to websites and see what our friends are doing. Distance doesn't exist on the Internet.
- ☐ c We learn differently, we have fun differently, we work differently, and we even travel differently because of computers. And don't forget about the computers that we don't see.
- ☐ d Cars, planes, TVs, telephones – even coffee makers – have computers in them!

3. Read and drag the correct answer.

Yes. ~~Hi~~ Bring \$5. Sure! OK. C U then!

Carrier 1:00 PM 100%

Josh: Hi 🙋 11:30
