Are you a
planner
or a
procrastinator?

Do you plan your day or do you prefer to see what happens? A planner will spend the night before work making lists, prioritising, and making sure everything is under control. They arrive early and get started on their first task. A procrastinator, on the other hand, is more likely to arrive at work just in time, with a coffee and breakfast in their hand and a stressed look on their face.

When you have a job to do, or you need to **meet a deadline**, do you:

- 1 generally **do things ahead of time** or **leave things until the last minute**?
- 2 prefer to **get started** on a difficult job or **put off** doing difficult jobs until later?
- 3 tend to **get distracted** easily and **waste time** or do you **use your time wisely** and **get things done**?
- 4 write to-do lists and **prioritise tasks** or do you prefer to **multitask**?
