

MY BIRTHDAY PARTY

Last Friday I was very happy because it was my birthday. It was a funny day. In the morning, my friends and I were in my garden because the weather was good. It was sunny and hot. In the afternoon, we saw a baby squirrel and it was very friendly. My mother was a little worried but my father was happy with it. He was calm because the squirrel wasn't dangerous. At night, my house was beautiful with a lot of colour lights in the trees. It was one of the best days of my life.
