

MY GRANDPARENTS IN THE SNOW

Yesterday, the children were in the farm and they were making a video call to their grandparents. They were on holidays at the mountains. It wasn't snowy but there were a lot of snow. It was cold and sunny. In the farm, there were a lot of grey clouds and a lot of wind. It was cloudy and windy. In the afternoon, they played board games at home because it was rainy and the leaves were wet. The rainbow was outside in the sky. You need sun and rain to see a rainbow.
