

MY LAST HOLIDAYS

Last year, I travelled with my family around the world, we visited many countries like China, India and Spain. It was really fun.

We did many things: **in China**, I watched the panda bears at the zoo. They ate bamboo and they were very cute and big. **In India**, I visited the Taj Mahal and I ate a really spicy (🔥) soup, I didn't like it. The weather was sunny and very hot so I drank a lot of water.

Finally, we went to **Spain** and we visited some castles, they were amazing! Also, we ate paella; I liked it so much!
