

## Food, body, and care

Keep your body clean fit and healthy. Brush your teeth. Shower twice a day. Always wash your hands. Do not eat unhealthy food. Exercise for twenty minutes a day. Get rest and sleep. Put a little toothpaste on your toothbrush. Rinse with water. Brush the outside part of your teeth. Brush the tops, then brush the insides. Brush your tongue so you have a nice breath.

Wash our body with soap. Wash our hands before eating. Wear the clean clothes. Do not share toothbrushes. Do not eat unhealthy food. Exercise to keep our body strong. Our eyes help us to see. Our ears help us to hear. We must take care of them. Our nose helps us to smell. Use a tissue to gently **BLIVEWOKSHEETS** w<sup>EE</sup> your nose.

Click on the correct answer.
