

Area of Compound Shapes

Calculate the area of each rectangle. Then, calculate the area of the whole compound shape.

Note: Compound shapes are not to scale.

1)  area a: _____ cm^2 area b: _____ cm^2 total: _____ cm^2	2)  area a: _____ cm^2 area b: _____ cm^2 total: _____ cm^2
3)  area a: _____ cm^2 area b: _____ cm^2 total: _____ cm^2	4)  area a: _____ cm^2 area b: _____ cm^2 total: _____ cm^2
5)  area a: _____ cm^2 area b: _____ cm^2 total: _____ cm^2	6)  area a: _____ cm^2 area b: _____ cm^2 total: _____ cm^2
