My Native Village

I am a village boy. My village is big and beautiful. It is not far from a big town. The houses in my village are not high, but they are nice. There are gardens round the houses. The streets in my village are green with fruit-trees and flowers. My school is not far from my house. We have a museum at school.

In the centre of the village you can see a hospital, shops, a church and a new village club. Near the village you can see a forest, fields and meadows. There is a cattle – farm, a pig – farm and a poultry–farm in our village too. The poultry-farm stands on a little river. My mother works on this farm. I like to help her. I love little ducklings and goslings. They are very nice and funny.
