Emotional Changes and Development:

- Self-consciousness about body changes
- Mood swings from happiness to sadness
- Developing friendships with the opposite sex
- Awkwardness and shyness

Emotional growth requires controlling and dealing with emotions appropriately.

Coping with Changes during Puberty:

Puberty begins at different times for different people. Being able to cope with the changes is important for a healthy body, mind, and spirit.

- Take care of your body and practice good personal hygiene, e.g. wash and dry the sexual organs thoroughly, use a deodorant or baking soda under arms to control odour.
- Wash your hair at least every two weeks (boys more often)
- Pursue and develop skills in activities that interest you.
- Engage in activities to manage stress, e.g. reading, listening to music, volunteering or helping others, etc.
