## READING COMPREHENSION:

### SOLVING A PROBLEM:

Growing up can be tricky sometimes. We often face problems or find ourselves in hard situations. Right now, I am solving a math problem. It's tricky, but I am trying my best.

Sometimes problems can make us feel confused or a bit anxious. When we don't understand something, we might ask for help. Asking for help is important. We can ask our teachers or parents to solve a problem with us.

When we can't figure something out, it can make us feel embarrassed or even ashamed. But it's okay to ask questions and ask for help. Everyone needs help sometimes.

I know many people feel cross nowadays. They are having big troubles that are difficult to solve. They can ask for help from their parents, friends or partners.

Finding a solution to a problem can take time. It's important not to give up. Keep trying, and remember it's okay to make mistakes. We learn from them.

So, next time you face a problem, remember to stay calm, ask for help, and keep trying. You will find a resolution, and you will feel proud of yourself!
