[Verse 1]
There I was again _____
Forcing laughter, faking smiles
Same old tired, _____ place
Walls of insincerity
Shifting eyes and vacancy
Vanished when I saw your _____
All I can say is it was _____ to meet you

[Verse 2]
Your eyes whispered, "Have we _____?"
Across the room, your silhouette
Starts to make its _____ to me
The playful conversation starts
Counter all your quick _____
Like passing notes in secrecy
And it was _____ to meet you
All I can say is I was enchanted to meet you

[Chorus]
This night is sparklin', don't you let it go
I'm wonderstruck, blushin' all the way _____
I'll spend forever wonderin' if you knew
I was _____ to meet you

[Verse 3]
The lingering _____ kept me up
2AM, who do you love?
I wonder 'til I'm wide _____
And now, I'm pacing back and forth
Wishing you were at my _____
I'd open up and you would say
"Hey, it was _____ to meet you"
All I know is I was enchanted to meet you
