I. Read the text and put a tick (v) or cross (x).

Hi, my name is Cindy. I'm twelve. At the weekends, I go rollerblading in the park. My dad plays golf with his brothers. I never play because it's difficult and you have to walk a lot, but dad says that's exciting. My mum works on Saturdays. She works in a big hospital. She's usually really busy because she helps people. On Saturday afternoons, I do puzzles with my brother at our favourite café. It's interesting. Last Saturday we were there for half an hour because the puzzle was very easy. Then, in the evening, we went to the cinema. It's opposite our house and next to our favourite café. I like watching scary films, but my little brother can't watch them because he is five years younger than me. So we always get a funny film. Sunday is my favourite day because my family is together and my mum always cooks my favourite soup with chicken and vegetables.
