Concern About Long Checkout Lines

Dear Mr Denis,

Hope this email finds you well.

I am writing to tell you about a problem I had during my recent visit to your store last week .

I went shopping at the M&C store of Carlington street on 20th May 2024. It was a good shopping time until the checkout lines. It were very long, and I had to wait for a long time to pay for my items. There were not enough cashiers working, and many customers were waiting. This made the shopping experience unpleasant and time-consuming.

To improve this situation, I suggest hiring more cashiers, especially during busy hours. This will help reduce the wait time for customers and make shopping at your store more enjoyable. Thank you for considering my feedback. I hope you can find a solution to this problem soon.

Best regards,
Stacey
