

I am the forest

New words

Pollution : sự ô nhiễm, bẩn thỉu	Purify : thanh lọc, làm sạch	Turn your back on me : quay lưng, chống lại	Solve : giải quyết
Shores : biển	Releasing : thải, phát thải	Resilient : kiên cường	Assure : cam đoan, đảm bảo

I am the forest I take in your pollution and give you clean
purify yourand protect your shores
yet you continue to me down, releasing carbon into the air and
heating this planet .While some of you with me most of you turn your
backs me but I am resilient.
Let me grow and we can solve your climate together.
When one tree falls you might not it, but when millions fall I assure you
you will it.
