

My Animal

- A.** Draw a picture of an animal from your head (not real). Try to have two or more of these in your animal: antlers, claws, feathers, horns, tail, fur, snout.

Choose a name for your animal- Name: _____

- B.** Answer the questions about your animal.

What do they look like?

Where do they live?

What do they eat? Is it a carnivore, herbivore, or an omnivore?

What is special about them? (For example, are their antlers special? Describe)

- C.** Write a paragraph about your animal. Use your answers to the questions above to help you. Use as many adjectives as you can. Remember the order!

My Animal

D. Share!

- First, share with your partner! Show the picture and let your partner describe your animal. Then, read your paragraph to your partner and see if it matched with what they said. Do the same for your partner's animal.
- Second, share with others in the class!
