Read the two ads provided for different types of bulbs carefully and fill in the blanks with not more than 3 words / number.

Emily: Hey Jake, my bulb just went out, and I'm not sure which one to buy. Have you seen these bulb ads?

Jake: Yeah, I checked them out. They all seem pretty good, but each one has its own benefits.

Emily: Right, I'm trying to figure out which one would be the best value for money. Let's compare. The first one is called \_\_\_\_\_, and it's priced at RM 15, right?

Jake: Yup, that's correct. It's the most affordable option, and it's \_\_\_\_\_ too.

Emily: Hmm, sounds promising. But what about the second one, ForeverGlow Long-Life Bulb? It's \_\_\_\_\_, isn't it?

Jake: Yeah, it's a bit more expensive, but it has a \_\_\_\_\_. You'll save money in the long run because you won't have to replace it as often.

Emily: Ah, I see. And what about the ColorSplash RGB Bulb? It's RM 25, right?

Jake: Exactly. It's a bit pricier, but it offers customizable \_\_\_\_\_, which could be really fun for setting the \_\_\_\_\_ in your room.

Emily: That does sound cool. And did you notice the special offers? The EcoGlow LED Bulb has a buy 2, get 1 free deal.

Jake: Yeah, that's a pretty good offer if you need multiple bulbs. But the ForeverGlow Long-Life Bulb has a \_\_\_\_\_ if you buy 3 or more.

Emily: Oh, that's a nice discount. And the ColorSplash RGB Bulb comes with a free \_\_\_\_\_ if you buy 2 or more.

Jake: Right, it's a limited-time offer though, so you might want to act fast if you're interested.

Emily: Thanks for helping me compare, Jake. I think I'll go with the ForeverGlow Long-Life Bulb. The longer lifespan and discount make it a great choice for me.

Jake: No problem, Emily. I'm sure you'll be happy with your new bulb!
