Hi Kate,
I went to a concert last Saturday. I was at the front so I could see the band really well. The problem was I couldn't hear the music very well! There was a problem with the speakers. Luckily, I had my digital camera with me, so I could take some great photos. My friend took some photos on her mobile phone too.

Do you want to come to my house this afternoon? Bring your guitar! You can play the guitar really well. When I was small I had piano lessons. I could play the piano really well. Now, I can't play any musical instruments. My brother, Max, can play the drums. He has to practise every day. It's very noisy!
See you later!
