### Read the text and write True or False.

Imagine that you get up and your breakfast is ready when you are in your 30s, or your room is always clean and your dinner is always ready! It is really nice to dream it! But it isn't a dream. You will probably have a robot maid at home in the near future. Some engineers designed new robots and they can do housework for you. She will do laundry, cook meals and do shopping for you! I am not sure when you will have a robot maid but it will be very enjoyable to have one! However she is not only your maid, she is also your home mate. You can play video games with her or watch a romance and cry together.

1. Having a robot maid is only a dream.
2. There are many robot maids in houses now.
3. Robot maids will do housework for us.
4. We will have robot maids in the near future.
5. Robot maids can only do housework.
