WORKSHEET

Task 4: Read the text below then answer the questions.

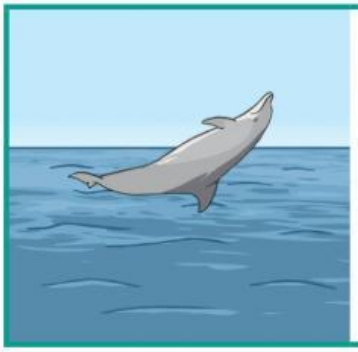

What do dolphins look like?
A dolphin is a sea animal. They have two fins on the side and one on the back to help them to swim fast. They can be a mix of black, white and gray. Dolphins have fat under the skin to keep them warm in the cold seas. They breathe out of a nostril on the top of their head called a blowhole.

Where do dolphins live?
Dolphins live in seas and rivers. They live together in groups called 'pods'.

What do dolphins eat?
Dolphins eat fish. They wait for the fish to jump out of the sea into their mouth.

What do dolphins do?
Dolphins can jump out of the water and flip over to land on their back, belly or side. This is called 'breach'. They breach to let other dolphins know about food nearby.
