Reading

1 Read quickly and answer the following questions.

One of my favourite films is *Sleepless in Seattle*. It is an old-fashioned love story which stars Tom Hanks and Meg Ryan. It was made in 1993.

In this film Tom Hanks plays Sam Baldwin. Sam's wife died in a car crash and Sam is taking care of his son Jonah. Jonah is worried because his father is sad and cannot sleep. He telephones a radio station to talk about his father. Sam also calls the same station.

Meg Ryan plays Annie Reed, a journalist from New York. Annie hears Sam on the radio and falls in love with him. She writes a letter to Sam and flies to Seattle to meet him. But she is shy about meeting him so she returns home.

Jonah reads Annie's letter and thinks his father will like her. He writes a letter to Annie and says it is from Sam. Jonah then leaves Seattle to meet Annie in New York. Sam discovers Jonah has gone and goes to find him. After many adventures Sam meets Annie at last and they fall in love.

You must get the video of this film or try to see it on TV. The characters are believable and the story is funny. It is interesting for both adults and children.
