## Unit 15 test: Angles and movement

1 Insert one of the symbols =, < or > to show whether each angle is greater than or less than a right angle.

	=	<input type="text"/>		=	<input type="text"/>
	=	<input type="text"/>		=	<input type="text"/>
	=	<input type="text"/>		=	<input type="text"/>
	=	<input type="text"/>		=	<input type="text"/>

2 Are these angles smaller, larger or the same size as a right angle?  
Choose the right answer.

smaller / larger / right    smaller / larger / right    smaller / larger / right    smaller / larger / right

3 Complete the sentences. Use forward, up, down, north, south, east and west.

- a The has moved f \_\_\_\_\_ one square w \_\_\_\_\_.
- b The has moved d \_\_\_\_\_ squares s \_\_\_\_\_.
- c The f \_\_\_\_\_ has moved f \_\_\_\_\_ squares e \_\_\_\_\_.
- d The bug has moved u \_\_\_\_\_ squares n \_\_\_\_\_.
