LIVEWORKSHEETS

Many people who work in London prefer to live outside of it, and to go to their offices, factories or schools everyday by train, car or bus, even though this means they have to get up earlier in the morning and come home later in the evening.

One advantage of living outside of London is that houses are cheaper. Even a small flat in London without a garden costs quite a lot to rent. With the same amount of money, one can get a little house in the country with a garden of one's own.

Then, in the country one can rest from the noise and hurry of the town. Although one has to get up earlier and spend more time in trains or buses, one can sleep better at night, and during weekends. In summer evenings one enjoys the fresh, clean air of the country. If one likes gardens, one can spend one's free time digging, planting, watering and doing the hundred and one other jobs which are needed in a garden.
