C. HOMEWORK

I. Read and choose True or False.

Free Time CRAZY Time!

Some people say free running isn't really a sport. You can't usually enter competitions or win medals or prizes, and most free runners aren't interested in them. You can do free running in a town or city. It's a very dangerous activity because free runners run, jump and climb fast - over walls, roofs and buildings. They use their hands and feet and move like cats. They want to feel free!

Cave diving is a very dangerous underwater activity. Divers climb down into deep caves that have got water in them. They dive into the water and swim through the caves. The caves are very dark and the divers wear a strong light on their heads. Sometimes the light breaks, so they carry two

extra lights with them. They swim carefully, because they can't get out of the caves easily if they have an accident.
