Work Life

I'm Yan and I'm an office worker. I work for a technology company in the city centre. I'm a morning person! I get up at 6.30 a.m. and go for a run in the park. I have cereal for breakfast and then I go to work by bike. I start work at 8 o'clock and finish at 4 o'clock in the afternoon. I started my job five years ago. At first it was difficult because I didn't type well, but now I can type very fast! I really like my job because it's interesting. I have a big desk next to a window. It's a nice view. I listen to music on my headphones, work and look at the city. I also work with lots of friendly people. There are ten people in our office and my manager always gets coffee for us on Friday mornings. Sometimes we have lunch together, too. Last Wednesday, we went to an Italian restaurant and ate pizza. We had a great time. It's nice to spend time with my colleagues outside the office. I don't want to change my job at the moment.
