

Holidays

I want to go on a trip so I just started to plan it. I found a plane that _____ (leave) Ezeiza at 3 o'clock to Singapur and from there another plane that _____ (take off) at the same time the following day directly to Thailand. My friends say I _____ (not/travel) because Coronavirus' restrictions _____ (be) on until December. I really don't care, the weather forecast says, it _____ (be) sunny and not very hot during December, and that is all I care about.

My friend Mary has just offered me her bag for the trip, she _____ (bring) it home next week. I am so tired, I _____ (do) whatever it takes to have nice and peaceful holidays this year.
