Tally Marks

1. - **Tally marks** are a way to count and keep track of numbers using simple lines.
 - Each tally mark is represented by a single vertical line (`|`).
2. - **Counting with Tally Marks:**
 - Start with numbers 1 to 4:
 - **1** is represented as: |
 - **2** is represented as: ||
 - **3** is represented as: |||
 - **4** is represented as: ||| |
 - The **fifth** mark is drawn **diagonally across** the first four lines:
 - **5** is represented as: ~~||||~~

Count the **tally marks** and write the number.

1. $\cancel{\cancel{I}} \ \cancel{I} \ \cancel{I} = \underline{\hspace{1cm}}$

2. $\cancel{\cancel{I}} \ \cancel{I} \ \cancel{I} \ \cancel{I} = \underline{\hspace{1cm}}$

3. $\cancel{\cancel{\cancel{I}}} \ \cancel{\cancel{\cancel{I}}} \ \cancel{I} \ \cancel{I} = \underline{\hspace{1cm}}$

4. $\cancel{\cancel{I}} \ \cancel{\cancel{I}} \ \cancel{\cancel{I}} = \underline{\hspace{1cm}}$

5. $\cancel{\cancel{I}} \ \cancel{\cancel{I}} \ \cancel{\cancel{I}} \ \cancel{I} = \underline{\hspace{1cm}}$

6. $\cancel{\cancel{I}} \ \cancel{\cancel{I}} \ \cancel{\cancel{I}} \ \cancel{\cancel{I}} = \underline{\hspace{1cm}}$

7. $\cancel{\cancel{\cancel{I}}} = \underline{\hspace{1cm}}$

8. $\cancel{\cancel{I}} \ \cancel{\cancel{I}} = \underline{\hspace{1cm}}$
