

2 Progress and aims

A Making progress

Felipe
from Argentina

When I started learning English, I was very **keen** and **motivated**, but I **found it difficult to** pronounce English words, and sometimes people couldn't understand me. **After a while** my pronunciation **got better**, and I was able to **express** basic ideas quite **effectively**. It was **obvious** that I was **improving**, and that was very **encouraging**. But at intermediate level, my progress **slowed down**. There were so many new words and phrases I didn't know. I think I **was also more aware of** my mistakes, which was good – but also **frustrating**.
