

Name _____

3 stages of a river

Name the three stages of a river

- 1.
- 2.
- 3.

Features of a river basin

Explain in your own words what you understand about the river basin.

Water cycle

Hydrologic Cycle

The Hydrologic Cycle (also called the Water Cycle) is the continuous movement of water in the air, on the surface of and below the Earth.

Human activities that alter the water cycle:

- Alteration of Atmosphere
- Construction of Dams
- Deforestation and Afforestation
- Water Abstraction from Rivers
- Agriculture
- Industry
- Urbanization

Explain in your own words what you understand about the water cycle and how it play an impact on our river systems.
