

Test Practice

6. There is $\frac{1}{6}$ of a cake left over. If 3 friends share the remaining cake equally, what fraction of the entire cake will each friend receive? Find the unknown in $\frac{1}{6} \div 3 = p$.

- Ⓐ $p = \frac{1}{16}$
Ⓑ $p = \frac{1}{18}$
Ⓒ $p = \frac{1}{21}$
Ⓓ $p = \frac{1}{24}$
