❖ Future Simple is used to make predictions about the future (*koristi se za izražavanje predviđanja o budućnosti*).

❖ It also has passive form. (*Ima i pasivan oblik, znači kad nema subjekta ili ne znamo tko vrši radnju onda koristimo pasiv.*)

In the future, hotels in space will be opened. Colonies in space will be built.

I was 10 years old in 1999. I was looking forward to future, I knew that I will be 31 years old in 2020. Think about all the things I thought that there will be in the year of 2020. Also, watch the first episode of a TV series called "The Tribe" which came out in 1999, and was placed in the future... So how did we imagine the future? What will happen in the future? Think about all the aspects of life. Think about it and write a 10 to 15 sentences text in your notebook or here using Future Simple active and passive form. Start it in this way.

(*Imala sam 10 godina 1999. godine i veselila sam se budućnosti, znala sam da će 2020.-te imati 31 godinu. Razmisli, što smo sve mislili da će biti i da ćemo imati u godini 2020. Također, pogledaj ovaj video; prvu epizodu serije "Pleme" koja je izašla 1999., a radnja se događala u bliskoj budućnosti... Kako smo zamišljali budućnost? Što smo mislili da će se dogoditi u budućnosti? Razmišljaj o svim aspektima života. Razmisli o svemu i napiši u svoju bilježnicu ili ovdje, tekst od 10-15 rečenica koristeći Future Simple u aktivnom i pasivnom obliku. Započni ovako)*
