

For questions 1–8, read the text below. Use the word given in capitals at the end of some of the lines to form a word that fits in the gap in the same line. There is an example at the beginning (0).

Personality types

It's often said that no two people are exactly (0) *alike* , but according to one (1) theory, we all share one of 16 distinct personality types, which are formed by several (2) of personality traits.

LIKE
PSYCHOLOGY

(3) can be made between personality and left- or right-handedness. Most people are born with a (4) for one hand, and all of us are born with a personality type. Experts say that we (5) develop our personality type through the course of our lives in (6) to our (7) and experiences – school or work, for example.

COMBINE
COMPARE

However, it should be emphasised that personality type doesn't explain everything about us and that the (8) of people with the same personality type can differ hugely.
