Miss Fourth Of July - Bon Jovi

Elementary – Luana Almeida

I used to live / play but now I survive

I used to believe but now it's just one hour / day at a time

The circus / show is gone, it's all packed away

The clown's hat, the makeup's been packed in his / their case

[CHORUS I]

roses	stars	goodbye	fourth

So we wave _____ to Miss Fourth of July

The queen of the _____ has left us with nothing but thorns

Don't say we never tried, Miss _____ of July

The _____ that we reached for left us with nothing but dawn

I used to laugh / believe but I've learned to cry

And I ain't too proud to let you see tears fall from these eyes / face

For all of my / your hopes, my heartaches and fears

For a night / day I just watched and you walked out of here

[CHORUS II]

we	july	fourth	thorns

I just waved goodbye to Miss Fourth of _____

The queen of the roses has left us with nothing but _____

Don't say we never tried, Miss _____ of July

The crown that _____ reached for left us with nothing

But your thorns left me wounded not unlike the lie / truth

When innocence sang his last song / lyrics

He'd tell me that it's all gone / played

Just look / stare me in the eyes and say it meant nothing at all

I used to live, I've learned to die / believe

And I used to play / dream, I used to dream

[COME BACK TO CHORUS I]

Oh yeah
Nothing but
A heavy / low hit of heartbreak
A handful of blues / rocks
Oh yeah
I'll never get off these
