

What did you do, and what are you doing tomorrow?

Situation: you have family and friends that come to visit you at home. One cousin starts asking questions about what you did last vacations and you ask the cousin what he/she is going to do on her/his next holidays.

Each member is going to ask the other questions in past or with “be going to”, and you have to answer them in past or with be going to.

You'll have to write down your dialogue and send the photo to the teacher. You are not able to **use a translator/bilingual dictionary; these actions will be sanctioned.** You will have 30 minutes to write and practice your conversation. After that you'll present your conversation in front of the class. Remember, use only your own knowledge and understanding of the topic. Do not refer to external resources or materials during your presentation. If you have any questions about the guidelines, please ask for clarification.

These are the evaluation criteria:

Criteria	Points _____ / 20
Capability of asking questions/speaking in future	_____ /6
Pronunciation	_____ /4
Vocabulary and Spelling	_____ /4
Grammar	_____ /2
Adherence of the instructions	_____ /2
