A A barn conversion

Friends of mine **converted** an old barn that had **formerly** been used for **domestic** animals. They bought it for **next to nothing**, and were **fortunate** that parts of it were still quite **well-preserved**. They **estimated** they could convert the barn for about £200,000, but the council then made them **modify** their building plans so the original **estimate turned out to be** a bit optimistic. Nevetheless, they now have a **magnificent contemporary** four-bedroom home.
